MEMORANDUM FOR:

FROM : Assistant Presidential Briefing Coordinator

SUBJECT : Translations of Topics for DDCI Forthcoming  
Trip

1. Items that I may have forgot to mention to you

- Please translate all scales on maps and photos.
- Photos with translations will be picked up Monday morning.
- We may have to cycle through on the text translations one more time. This depends on Mr. Carlucci's changes over the weekend and coordination with State Department. Hopefully the changes will be minor.
- I have indicated that we will try and supply the translated texts by Monday evening.
- Could you supply the typing for the translations from your office.
- Could you also be available to proofread the translated photos and graphics before they go to print.
